

160 MEN ARE ENTOMBED BY EXPLOSION

Hinton, W. Va., March 2.—An explosion early today in the mine of the New River and Pocahtonts Consolidated Coal company is believed to have entombed 160 men. Rescue parties are trying to reach the sections affected and fans are being used to dissipate the gas fumes. Several hours of work have failed to make penetration of the inner passages of the mine possible or to disclose definitely whether any lives have been lost or are in full danger.

Assistance was hurried to the mine from nearby towns immediately after the explosion, and a rescue car of the bureau of mines was ordered from Glen Alum.

The explosion occurred in mine No. 3, which is directly connected with mine No. 4. Sixty men are employed in each.

Thronged of excited people hurried from nearby mining towns.

After repeated attempts one rescue party penetrated the main drift at No. 3 for about 100 feet and found an unidentified miner still lying, but unconscious. His legs had been broken and doctors said he would probably die.

The mine where the explosion occurred is a drift, high up on Quannum mountain, and is in charge of H. M. Bertelst as general manager.

By noon two forces of twenty men each were clearing away the fallen coal and rock in the main entry of mine No. 3. Half a mile from the opening they found another miner, badly hurt and unable to tell anything about the explosion. Here they encountered a mass of debris and it was said that several hours more must elapse before it could be removed and the workings beyond penetrated.

NOSE CLOGGED FROM A COLD OR CATARRH
Apply Cream in Nostrils To Open Up Air Passages.

Ah! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, snuffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, and let it penetrate through every air passage of the head, soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

For Sale—Ford touring car, Hallman's Garage.

You can always save money by trading at a standard cost store for they sell "more for less"—It's Greene's 10c Store we are talking about. It

CONFESSION IN ARSON PROBE

Man Admitted Pouring Oil on Parsonage, says Cyrus Brown, But Dothan Grand Jury Didn't Indict.

Montgomery, Ala., March 3.—Sensational evidence relating to the burning of the home of Rev. H. H. McNeill of Dothan, was made public yesterday before the legislative investigating committee by Cyrus B. Brown, former Secretary of State, who declared on the witness stand that his department had made an investigation of the arson case in Dothan and had obtained a confession from one of the persons accused of setting fire to the residence of the Dothan minister.

"We obtained a confession from one person in Dothan to the effect that he poured oil on the residence in question and received \$25 for his service. We spent several hundred dollars investigating this case," said Mr. Brown. There was no indictment by the grand jury, however. Mr. Brown said.

This testimony was offered by Mr. Brown who was summoned before the committee to explain certain expenditures made in the office of Secretary of State during his term of office. Mr. Brown said that he could not remember the name of the person who made the confession in connection with the burning of the home of the Dothan minister. He suggested that Rev. Mr. McNeill be summoned as witness. It is recalled that the home of Mr. McNeill was burned shortly after he had denounced several blind tiger operators.

Suggests Austin.
Mr. Brown said that T. M. Austin, former State Fire Marshal, could furnish more detailed evidence in connection with the burning of the home of the Dothan minister. Rev. Mr. McNeill is vice president of the Alabama Anti-Saloon League.

No confessions have been obtained in connection with the burning of the Foster Street Methodist parsonage, in so far as can be learned. Several arson cases were at one time under investigation, and two parties were indicted on arson charges, but these cases did not have to do with the burning of the parsonage.

PROGRAM
Teachers' Reading Circle, to be Held at the Court House, Saturday, March 6th, at 10 O'clock.

Text: The work of the Rural School, Eggleston and Bruce, The Community Survey, W. A. Milton.

School Government and the Course of Study, Miss Wrenna Cassendanner.

The Wakening Outlook of the Rural School, W. A. Barnes.

Demonstration Work, J. B. Anderson.

The School Plant, Jamsey Collins.

General Discussion.

Eleven o'clock—The Country School Improvement Association—Round Table Program.

How can we keep up interest and regular attendance the last month? led by G. H. Jordan.

How long ought a teacher remain in the same school? led by A. B. Sellers.

What records, etc., should the teacher leave? led by J. J. Riley.

How can the teacher best spend the vacation? led by Miss Macy J. Odom.

How can the teacher keep in touch with his pupils during vacation? led by Miss Mattie Watson.

German Submarine Is Sent To The Bottom

London, March 2.—The destruction of a German submarine when it was rammed by the steamer Thordis off Benezey Head is reported by the captain of the steamer, which has just arrived at Weymouth.

"We sighted the submarine when it was forty yards away," the captain declared. "It fired a torpedo which missed us by a few feet. Then we put the helm hard to starboard and rammed the Periscope. There was a crash and we saw nothing more of the submarine."

The only steamer Thordis mentioned in marine records is a small Norwegian vessel of 501 tons gross.

CARELESS SHOOTING

Dothan, March 3d

Dothan Eagle
This is to call the attention of the authorities to the fact that certain parties are entirely given to too much promiscuous shooting in the city limits. This morning there was fired from a rifle, a shot (at random, we hope) that passed through a screen and window pane—striking against an inside wooden shutter, which broke its force. There was someone sitting in the room at the time in direct line with the shot, and had this window been up it might have proved serious. The bullet was found and evidently from the range came from some distance. It occurred about 9:00 o'clock this morning near the Newsom hotel.

Fathers should see to it that their boys not be allowed to use their rifles in the city limits. There is ample force in these small rifles to endanger life.

"A Victim"

New York Standard Granulated Sugar, cost you only \$1.50 for 25 lbs. at Greene's 10c Store. It

MEAT INJURIOUS TO THE KIDNEYS
Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers.

We are a nation of meat eaters and our blood is filled with urea and, says a well known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork, they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like humps of lead, and you have stinging pains in the back, or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, an has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.

TO HAVE RIFLE SHOOT FRIDAY

The Dothan Guards will go out to the rifle range, in the eastern part of the city, for an all day shoot Friday. They will take their dinners along, and not return to the city until the day's work is finished. Captain C. J. Morris is anxious that all the guardsmen take part in this shoot.

Four members of the Dothan Guards, C. C. Windham, Albert Hall, J. M. Riley and C. W. Bush were court-martialed last night for failing to attend the recent inspection. It seems that they had no satisfactory excuses for their absence.

NO REMEDY NEEDED

(Walt Mason in Emporia Kan. Gazette.)

"I am informed," observed the stranger "that your husband's health is uncertain, and I am sure you will be delighted to know that there is a remedy which puts his case. Juggenmoller's universal panacea is the fruit of years of study and research, and disease can't remain where it is used. If you will buy six bottles—"

"I wouldn't take your old remedy as a gift," exclaimed Mrs. Cartow, impatiently. "Maxwell can sell you six bottles to some woman who hasn't been pestered by agents for years, but I made up my mind long ago that if I ever needed a universal remedy I'd get it at the drug store for the druggist is a responsible and law abiding citizen, and if he sells you something that's worse than useless, he will make it right with you."

"It is true that my husband is sick three quarters of the time, but I'll never consent to spending a cent for medicines for him. It would be different if he took care of himself, but when a man just naturally meets disease half way, and takes it to his bosom as a welcome guest, it is a criminal waste of money to buy pills for him. The only hope is that his experiences will teach him a few things, but Mr. Cartow has been having experiences all his days, and still he doesn't know enough to come out of the sun, so there isn't much to hope for in his case."

"The other evening he failed to come home at the proper time and I went to look for him, and found him and old Mr. Treenline seated on a box in front of Jamison's grocery, arguing war questions. They had stayed in the store until Mr. Jamison locked up and turned them out, and they were so interested in their foolish argument they forgot all about the temperature, which was down to zero, and they were both nearly frozen. The next morning he had a high fever and couldn't get out of bed and wanted me to send for the doctor or he'd have double pneumonia and leave me a widow quicker than I could say John Robinson, although I never could see much sense in saying John Robinson under such conditions."

"I told him there was no use running up a big doctor's bill, and the best thing he could do was to stay in bed and consider his own foolishness, and try to make up his mind to act like a human being in the future."

"The day before Christmas I baked a lot of mince pies and put them in the cupboard. At night I was tired and went to bed before my husband came home, and when he did return, and found a man."

Foster Street Paving Meets Popular Demand

The project to pave that part of North Foster street in the residential section is receiving the endorsement of not only the residents of that part of the city, but of citizens who live in other sections of Dothan. This street accommodates a large portion of the traffic between town and the Coast Line station, and is extensively traveled.

No action has been taken by the committee, in whose hands the proposition was placed for investigation Monday night at the City Council meeting. Alderman J. W. Grant is chairman of this committee, which he thinks will probably get together tomorrow. Some of the members of the committee are now out of the city.

What! What has become of those cartoons so widely printed in the sensational newspapers before the last Presidential election, picturing a wan-faced mother with a starving child by her side and an empty market basket on her arm, gazing upon a bulletin inscribed in glaring letters: "Bust the Trusts, Smash the Tariff, and Reduce the Cost of Living"? The busting and smashing has been going on for some time but the cost of living still moves upward, the bread line continues to lengthen out and the pay roll to shrink. Once more it is timely to remind our readers that a demagogue has never filled a pay envelope—and never will!—From Leslie's Weekly, Feb. 25.

PROTRACTED SERVICES AT PRESBYTERIAN CHURCH TO BEGIN NEXT SUNDAY

The officers of the Presbyterian church at their regular meeting last Monday night extended an invitation to Rev. C. N. Wharten of Andalusia to hold protracted meeting in Dothan. In response to this the following telegram was received today:

"Andalusia, Ala., Mar. 3. (C. N. Wharten, Dothan, Ala.)
Reach Dothan with Mrs. Wharten Saturday evening, March 6, four fifty. Ephesians six, eight, ten and nineteen.

C. N. Wharten."

More committee announcement of this meeting will be made in the next day or two.

I was asleep, he began explaining the cupboard, and of course he found the pies. Mince pies never did agree with Mr. Cartow. Even a small slice always deranged his insides. He knows that as well as I do, yet he deliberately devoured a half of the biggest pie in the cupboard.

"In the middle of the night he began yelling for the fire department, saying that a destructive conflagration was taking in his works, which were not covered by insurance, and all day Christmas he was groaning around the house, drinking horse liniment and applying hot cloths to his stomach."

"When a man has so little sense, what is the use of having Juggenmoller's universal hogwash for him? Even if the universal hogwash did cure him of one disease, he'd go right out doors and catch another, and if I bought the medicine at all I'd need to buy it by the barrel."

"Mr. Cartow is the kind of a man who always puts on his light underwear the first warm day in the spring, and as soon as he has made the change a blizzard comes, and then the house is full of doctors and trained nurses for three weeks, and it takes us the rest of the year to pay the bills. So you see quite plainly, sister, that it would be perfect foolishness to buy medicine for such a man."

BOOZE TRUNK IS CAPTURED

One trunk containing about five cases of whiskey, was seized by deputy sheriffs at the Bay Line depot last night, the trunk being marked up as excess baggage, it is said. Following the seizure of the trunk, Al. J. Landrum was arrested today.

Deputy Sheriff W. T. Johnson saw Landrum in an automobile on West Main street, and placed him under arrest. What evidence the officers have, if any, connecting Landrum with the case is not known.

FANS AFTER MORE MONEY

Indications are that the necessary funds to erect a franchise in the Georgia State league will be raised shortly, the committee meeting today than was received yesterday afternoon.

Some \$2,700 has been raised, but it is necessary that more money than this is subscribed to make the proposition an absolute certainty.

The committee is making a thorough canvass of the town soliciting subscriptions from a \$10 share upwards, and the outlook is indeed more promising.

The chances are that the Coon Baker lot near the ice factory will be the location selected for a diamond.

PLOTTED MURDER OF WEALTHY

New York, 2.—Police headquarters announced this noon that Frank Abrams, arrested today after he had blown up St. Patrick's cathedral, had confessed to the existence of a plan to bring a reign of terror in this city which would include the assassination of Andrew Carnegie, John D. Rockefeller, C. Julius Vanderbilt and other wealthy men.

The anarchists, according to the police, were to inaugurate in New York a reign of terror comparable only to the days of the French revolution.

It was part of the plot, the police assert, for gangs of men armed with rifles and revolvers to appear simultaneously in various parts of the city to shoot and to pillage. The biggest banks of New York city were to be blown up. Many wealthy men were to be slain.

The wrecking of the cathedral was to be the signal for the opening of the elaborate campaign of murder and looting. The next move, according to the police, was to place bombs in the homes of Andrew Carnegie, the Rockefellers and Cornelius Vanderbilt. So far had the plot progressed toward this end that manufacture of the bombs, the police say, already had been started.

Detective in Inner Circle

For months a central office detective had worked in the inner circle of the anarchists, according to the police story, and had kept the detective bureau advised of all their plans. This detective, Frank Baldo, assisted in the manufacture of the bomb with which the attempt was made today to blow up the cathedral. The detective, accompanied the bomb thrower to the edifice and sat with him while he lighted the bomb and hurled it at the altar.

Immediately the cathedral, in which 800 persons sat at worship, became alive with detectives whose presence had been unsuspected by the bomb carrier, Baldo, sitting beside him, placed him under arrest; detectives sitting in the pew behind dashed into the aisle and stamped out the smoldering fuse. There was no panic, for the congregation, knowing what had happened when it was all over.

WERE HAPPENINGS

Quite a lot of sickness is now around Webb.

Mr. W. E. McElroy has had a very serious time and is not very little better.

Dr. Granger and others have forced over to Dothan yesterday.

Mr. J. A. Strickland and Thomas were in Dothan today.

Mr. McAuley of Dothan in Webb last night.

The people were proud of Miss Quilla Wrenn last night.

Notice how all newspapers again apply the descriptive adjective (anathema) to all prohibition programs?
Home talent teachers are all right but too many of them should not be employed by the home school, in the theory of the National Bureau of Education.
A man hasn't much respect for a paper that doesn't print all the news until he happens to be caught in a trap game or hits his wife over the head with a skillet, then he suddenly believes he doesn't want it all printed.
Dothan is great stuff—we force it to reduce their consuming capacity to two quarts a month, we do not force them to provide an education and send their children to school.—Andalusia
I've thought on what we are over-buying on

The Crop Diversifiers.
We don't know what the sixteen crop diversification speakers said in Houston county last week, but three of them said something that every farmer in the county should have heard. Many of the best farmers, those who are looking for some relief, did hear them.
The speakers didn't come out and tell the farmers that their salvation depended upon stopping the cultivation of cotton entirely. They told the farmers of Houston County that they should plant enough of everything else they needed at home, of such stuff as they could make. And that includes much. As simple as it is, they stressed, specially, the fact that every farmer should first plant a garden for his own use, then make it big enough to have some to spare. That is so simple, till many will heed it not. We all know that a few rows in a garden is necessary, but we hadn't thought about planting several rows out in the main field, where they could be cultivated as the cotton and the corn were cultivated. That is the way to have plenty of garden truck growing the year round.
The speakers told how that many things can be grown profitably outside of cotton, and some of them didn't mention cotton at all.
One man may be able to raise a couple of cows, and the next man may be able to raise half a dozen, and that without much extra expense. Another man could raise twice, or three times more hogs than he had been raising, and never be out much extra expense. Another man might make money out of something else, but all could raise enough to run their farms, and quit sending out of Houston county annually, almost a million dollars for meat, lard, corn, oats, hay, potatoes, mules and horses. No farmer will tell you he cannot raise these things. Some men have farms suited for stock farming. They should go into that, in a mild way. Others have farms suited to other things, but all can raise these same things that we have been sending north and west for.
The key-note of all their speeches was: Live at home; stay out of debt; do without it if you haven't the money. And herein lies relief. The man who is raising corn, oats, hay, syrup, sweet potatoes, Irish potatoes, peanuts, alfalfa, clover, hogs, cows, mules, horses, will never have his farm sold under mortgaged. Don't let that worry you, even with the boll weevil just over the fence coming your way.
These speakers didn't give any theoretical talks, they gave practical talks, and they were applicable to the farmers of Houston county, as well as other cotton counties.
You needn't expect everybody to stop planting cotton. It isn't necessary, but it should be planted only after all these other things have been provided for. For they come first. They are of more importance. If your neighbor plants as much cotton as he ever did, that's his business. You have enough to tote your own skillet. Do what your common sense tells you is the best thing. If you think you will make more money by not planting cotton, then don't plant it just to be in style. But remember, your family must eat; your stock must eat, and when you have amply provided feed stuff for man and beast, you will not suffer. The world must eat, whether it fights or works for a living.

How England Once Treated the Jews.
King Lanny's Harpoon
"No Jew shall come to or depart from England without license, on pain of death."
"No Jew shall walk or ride without a yellow badge upon his hat or on outward or upper garment on pain of death."
"No Jew shall condemn Jesus Christ nor blaspheme his divinity, on pain of being burned."
"No Jew shall stir out of his house or lodging on Good Friday."
"No Jew shall strike a Christian, on pain of having his arm cut off."
During the reign of King Edward, I of England, 1239-1307, the following laws touching the Jews were proclaimed:
"No Jew shall kill a Christian on pain he be hanged alive on a gibbet and be fed daily with bread and water until he dies on the same gibbet."
"If any Jew shall cheat a Christian and escape, all the rest of the Jews shall make satisfaction to the Christian so cheated."
"All the synagogues of the Jews shall be suppressed and if any of their rabbis or priests shall teach or preach against the Christian religion hereafter in England all such preachers and teachers shall be burned."
"No Jews, on pain of hanging, shall transport any bullion or coin beyond the seas nor deface nor melt down any Christian coin."
"The King's judge shall not hear the testimony of a Jew against a Christian."
"No Jew shall be sworn upon the Evangelist."
"No Jew shall have four judges, two whereof Christians and the other Jews, who shall try and determine all causes between Jews and Christians."
"All the children of the Jews as soon as born the rector or vicar of the parish shall take from them, at such to nurses and breed them up in the Christian religion, for which the Jew must pay all charges."
"In the exchequer appointed for the Jews there shall be half Christians and half Jews, and both shall have equal power and a key, nlyph-firidskateSahisetao different locks and keys to prevent fraud."
"The Jews shall account for all the money they lay out and for the profits and return before the judicaries over the Jews as often as they shall be required."
"If any Jew shall be convicted to the Christian faith all his usual acquisitions to be converted to pious and charitable uses but all his goods, estate and movables shall be his own and not the King's as formerly accustomed."
"The Jew shall go to hear Christian doctrine once a week and for many English Jews as turn Christian shall be as free in England as if they were born of Christian parents."
"No Jew shall be burned in consecrated ground."
"No Jew's widow shall have any right of administration, at after the death of her husband all the Jew's effects and movables shall be vested in the King and the King shall be executor and administer to all the Jews in England."
"No Jew shall use for his own debts but in the name of the King and with the King's license and if any Jew defrauds the King of his customs or any other rights he shall forfeit his all to the crown."

THERE IS SOMETHING NEW EVERY DAY

Saxon-Heard Dry Goods Co.

On Foster Street

A year and a half ago I was taken with a severe attack of kidney trouble that pinned me to such an extent that morphine had to be given me. Was attended by a doctor who pronounced it a stone in the bladder and prescribed Lithia Water. I took the Lithia Water and Tablets for some time and received no relief from them. I stopped taking medicines for some time, later having some Swamp-Root in the house I decided to try it and felt much relieved. While taking the second bottle commenced to pass gravel in urine until I had passed in all at least a half-dozen or more and have not suffered the slightest since—and in all have taken one bottle and a half and feel very grateful to Swamp-Root.

Yours very truly,
H. W. SPINKS,
Camp Hill, Ala.
Personally appeared before me this 16th day of August, 1909, H. W. Spinks, who subscribed the above statement and made oath that the same is true in substance and in fact.
A. B. LEE,
Ex. Justice of Peace.

Letter to
Dr. Kilmer & Co.,
Binghamton, N. Y.

Send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a simple size bottle. It will convince anyone. You will also receive a book of valuable information, telling about the kidneys and bladder. When writing, be sure and mention The Dothan Eagle. Regular fifty-cent and one dollar bottles for sale at all drug stores.

The service with just one hour, from 3 to 4 o'clock. The self-denial offerings given at those meetings are for Home Missions.

REAL ESTATE—

If you are wanting to buy a nice home on easy terms and at a big bargain it will pay you to see us. We have a large house and two lots on prominent street that is worth twenty-five hundred dollars, which we can sell for fifteen hundred dollars, with very small cash payment and exceedingly attractive terms for balance. We have quite a number of very attractive bargains in the city and also some acreage close in that ought to interest you if you are wanting to live close enough to town to patronize the schools and at the same time be able to raise everything you need to live on.

We have 18 acres, ten acres, seven acres, or three acres in 3-4 of a mile of the Grapman School on which we can give you big bargain and easy terms. We have a large number of farms, both large and small that we can sell with very small cash payment balance on terms to suit purchaser. You will not be able to get the same bargain next Fall that we can give you now.

Come to see us, it will not cost you anything to talk to us or to have us show you anything that we have.

A number of nice homes for rent in desirable localities.

Wicksburg News

Our community is having a lot of sickness just now. Practically all cases are pneumonia.

A large number of our progressive farmers were out to hear the Diversification speeches on farming Thursday.

Tom Thomley has come back from Mobile where he has been for some time.

Dewey Tindall is quite sick at his home west of town.

Miss Alice Guilford visited friends here Sunday from Hartford.

Rev. George Hardy filled his regular appointment at Bethel Sunday afternoon.

Tom Tindall is quite sick this week with pneumonia.

FROM MOODY, TEXAS.

Moody, Texas, Feb. 22, 1915.

Editor Dothan Eagle:

Will you give me a little space in your paper to say a few words. As papa's subscription has expired I want to renew for him, as he is an invalid and he does love to get his old home paper, though he has been away so long there are lots of changes there, though he and mamma have lots of kin-folks around Dothan and Ashford.

Why don't someone from Ashford write to The Eagle every week?

Wasn't there lots of good advice in Old Blue's last letter. I think that would be an amendment for our Texas penitentiary law to adopt. I can remember hearing mamma read his letters when I was a child.

If any see this that care to write to my father he sure would appreciate hearing from his old friends and acquaintances.

So please find enclosed \$1.00 for which please keep The Eagle coming to E. B. Dorsey, Moody, Texas, Route 2.

Mrs. Lavisa Decker, Moody, Texas, Route 2.

COMING TO ASHFORD AND COLUMBIA

Dr. Masrow, the well-known Dothan eye-sight specialist, will be in Ashford Tuesday, March 9th at Ellis Drug Co., and at Columbia, Wednesday, March 10th, at Alford Hotel. If you have any eye-sight trouble, such as headache, nervousness, neuritis, inflamed eyes, etc., Dr. Masrow can promptly correct the trouble with his celebrated prescription glasses.

This affords an exceptional opportunity to residents of Ashford and Columbia and surrounding country for securing the service and advice of the most well-known and successful eye-sight expert in Alabama. See him during his stay, and have your troublesome eyes relieved by the use of his scientifically fitted glasses. Dr. Masrow has fitted over 500 people in this county with glasses. Ask anybody. Remember the date.

If Mr. J. G. Owens will present a copy of today's issue of The Eagle at the Palace Theatre ticket window he will be given free two tickets to see a very interesting program of moving pictures at The Palace, Thursday the 12th.

J. H. Hodge, Sec'y.

ARDILLA SCHOOL NOTES

The attendance in our school continues to be good and it seems that it will be necessary to keep the assistant teacher the full term.

Much "school interest" has been aroused this year and it looks like the pupils, patrons and teachers are determined to show what old Ardilla can do.

This school captured first prize in Rural School exhibits at the Fair last fall and a determined effort will be made to do the same thing again this year.

The School Improvement Association deserves much credit for the improvements that have been made. 90 square feet of hydro-plat, blackboard have been put up; a supply of all-felt erasers has been purchased, the floor has been oiled, and a new heater has been bought, besides other improvements have been made.

The next step will be to rent the building with single puted desks. Nearly one hundred dollars has already been raised and no slow down has been made yet.

A fiddler's convention or concert will be at the school house on Friday night, March 12th. A small fee of 10 cents will be charged for admittance.

Come out and be with us, we appreciate your presence and will assure you a good time.
Minnie Bell, Sec'y.

Fiddler's Concert at Ardilla.

The Ardilla School Improvement Association will give a Fiddlers concert at the school house on Friday night, March 12. Admittance fee only 10 cents. All fiddlers with fiddles admitted free.

Valuable prizes will be given to two best fiddlers. Come down and enjoy yourself and satisfaction guaranteed. Four miles from Dothan on Cottonwood road.
Secretary.

COUGHS AND BRONCHITIS
relieved instantly with 2 ounces of Schiffmann's Concentrated Expectant. A whole pint costs 50 cents. Money refunded if not perfectly satisfactory by N. H. McCallum's Drug Store.

Read The Eagle carefully today and see if you are the winner of the tickets to The Palace Theatre tomorrow.

Song

When I am dead, my dearest,
Sing no sad songs for me;
But tell the world that I
Have done my weary day,
And gone to my rest in the
glorious land above me.
With no more sorrow and
tears,
And I shall be with thee,
And I shall be with thee,
And I shall be with thee.

Meeting of the Beta Delta Club—

The latest addition to the club life of Dothan, the "Beta Delta Club," held their first meeting yesterday afternoon with Miss Maud Crawford.

Vases of Killarney roses decorated the parlor, where two tables were placed for the games of Bridge. The prize, a hand-made handkerchief, was won by Miss Helen Smith.

Later in the afternoon a tempting salad course with hot tea was served.

The members of the club are: Miss Janie Farmer, Miss Loretta McEwen, Miss Ruth Stapleton, Miss Sue Stapleton, Miss Elsa Mae Roland, Miss Evelyn Harris, and Miss Helen Smith.

Dinner Party Monday Evening—

Mr. and Mrs. D. C. Carmichael entertained at a beautiful dinner party Monday evening in honor of the officers of the Presbyterian church.

Bowls of violets and narcissi were arranged in the hall and library, while a color plan of pink and white was effectively carried out in the dining room. The dining table was beautiful in the arrangement, a large cut glass vase of pink carnations forming the centerpiece, surrounded by silver candleabra holding white candles, shaded in pink.

White and white baskets holding salted nuts and a concealed joke were at each place, while the place cards were painted in wild roses. Vases and bowls of pink carnations and pink hyacinths were placed on the mantle, buffet and serving table.

After dinner a business session was held in the library, after which an enjoyable Victrola program was enjoyed.

The guests at this delightful affair were: Mr. W. A. Brown, Mr. N. H. McCallum, Mr. L. E. Morgan, Mr. Wilkerson, Mr. Norman Pike, Mr. O. R. Morgan, Mr. McClintock, Mr. Ed Jones, Mr. W. C. Feitter, and Mr. Walter Helms.

Mrs. Gherish of Birmingham, is the guest of Mrs. A. S. Lowry on South Appletree.

Farmers Union Meeting

The first quarterly convention of the Houston county division of the Farmers Union will convene with Madrid local, 13 miles south of Dothan on the Atlanta & St. Andrews Bay Railroad, Thursday and Friday, March 11, 12. The public is invited to attend.

J. O. GODWIN, County President.

The above is a cut of the Genuine James Oliver A. C. 2 Steel Beam Plow—this is the heavy one-horse, and will be found to be one of the best breaking plows on the market, chilled wing landside and point, light running and easily handled. We recommend this plow where a large mule or horse is worked or can be used with two small mules.

Then we have the Goobar in medium size and the Goobar No. 6, in small steel beam. The No. 6 is a new plow and this is the first year it has been on the market. It is a dandy where a light steel beam is wanted and has them all beat—both made same as the A. C. 2.

We have the full line of Genuine Oliver Plows including all sizes in the two horse, one and two horse models, prices ranging from

\$4.50 to \$12.00

Malone Hardware Co.

MRS. LYON'S ACHES AND PAINS

Have All Gone Since Taking Lydia E. Pinkham's Vegetable Compound.

Terre Hill, Pa. "Kindly permit me to give you my testimonial in favor of Lydia E. Pinkham's Vegetable Compound. When I first began taking it I was suffering from female troubles for some time and had almost all kinds of aches—pains in lower part of back and in sides, and pressing down pains. I could not sleep and had no appetite. Since I have taken Lydia E. Pinkham's Vegetable Compound the aches and pains are all gone and I feel like a new woman. I cannot praise your medicine too highly."—Mrs. AUGUSTUS LYON, Terre Hill, Pa.

It is true that nature and a woman's work has produced the greatest remedy for woman's ills that the world has ever known. From the roots and herbs of the field, Lydia E. Pinkham, forty years ago, gave to womanhood a remedy for their peculiar ills which has proved more efficacious than any other combination of drugs ever compounded, and today Lydia E. Pinkham's Vegetable Compound is recognized from coast to coast as the standard remedy for woman's ills.

In the Pinkham Laboratory at Lynn, Mass., are files containing hundreds of thousands of letters from women seeking health—many of them openly state over their own signatures that they have regained their health by taking Lydia E. Pinkham's Vegetable Compound; and in some cases that it has saved them from surgical operations.

25c buys 4 lbs. of best N. Y. Standard Granulated Sugar at Greene's 10c Store.

"IN THE VANGUARD" TOMORROW NIGHT

That most delightful play, "In the Vanguard," will be presented by High School students tomorrow evening at 7:30 at the Grammar School auditorium. The play is one of absorbing interest and there is not a dull moment from the time of Philip's enlistment till the curtain goes down on the last scene of the last Act when Elsa has a vision and comes to tell of her hero, and they are left to "live happily ever afterward."

The play is under the direction of Miss Mildred McCain, an accomplished and popular member of the High School faculty, an assurance of its success. The price of admission is very low, and there will, no doubt, be a large crowd out to see the play.

Who did you say sells "more for less?"—Why, it's Greene's 10c Store, of course.

EASY TO DARKEN YOUR GRAY HAIR

You can Bring Back Color and Lustre With Sage Tea and Sulphur.

When you darken your hair with Sage Tea and Sulphur, no one can tell, because it's done so naturally, so evenly. Preparing this mixture, though, at home, is messy and troublesome. For 50 cents you can buy at any drug store the ready-to-use tonic called "Wyeth's Sage and Sulphur Compound." You just dampen a sponge with it and draw this through your hair, taking one small strand at a time. By morning all gray hair disappears, and after another application or two, your hair becomes beautifully darkened, glossy and luxuriant. You will also discover dandruff is gone and hair has stopped falling.

Gray, faded hair, though no disgrace, is a sign of old age, and as we all desire youthful and attractive appearance, get busy at once with Wyeth's Sage and Sulphur and look years younger.

Have you been to Greene's 10c Store? It's the best place in town to buy fancy groceries. They sell "more for less." It's true.

Wm. Exchange—Setter dog puppy 7-months old for pure bred female pig of Poland-China, Berkshire or Duroc Jersey breed. W. C. Exchange at Dothan, Ala.
